

SILIPOS®

THE GLOBAL LEADER IN GEL TECHNOLOGIES®

Our gels...

Silipos gels cushion and protect specific parts of the body against impact, pressure, and shear forces, while simultaneously releasing moisture-rich mineral oil that gently hydrates, softens, and conditions the skin without the use of additional creams or lotions.

Visco-elastic properties enable our gels to move synergistically with the skin which prevents abrasion and discomfort. Our user-friendly products easily adapt to a wide range of body types and builds to ensure high patient compliance.

All of our gels are clear, non-toxic, and hypoallergenic. Technologically advanced manufacturing capabilities allow Silipos to create a vast assortment of gels for a variety of uses. Additives such as vitamins and minerals, antioxidants, moisturizers, and fragrances can be applied to our gels to address specific concerns across numerous markets. Silipos gels are washable and reusable, and with proper care will continue to release skin-beneficial mineral oils throughout the life of the product.

Silipos gels easily conform to the body ensuring a comfortable fit that cushions and protects. Made with mineral oil gels, our orthopedic and foot care products provide cushioning protection with the added benefit of skin moisturizing and conditioning when the gel is applied directly to the skin. Our orthopedic products offer easy to use solutions for a wide variety of ailments. From common foot discomforts to post traumatic injuries, Silipos has a product that can help improve the quality of life for your patients.
